

Haren Holistics LLC

SERVICE & PRICING GUIDE

www.harenholistics.com

Hello there!

Haren Holistics is built on the premise that EVERYONE deserves to not only feel, but BE empowered on their own health & wellness journey.

In other words, you owe it to yourself to have all of your options made available to you & to feel confident in your choices you make along the way.

In a world with a very broken medical system & profit-driven patient standards, you deserve the ability to take your health back into your own hands & that's what we are here to empower you to do.

LEXIE

Founder, Haren Holistics LLC

THE STORY BEHIND HAREN HOLISTICS

From bedridden, depressed & hopeless to climbing mountains again, this is my story.

My 20s were plagued with debilitating symptoms including, but not limited to; migraines, chronic fatigue, hormone imbalances, major gut disturbances, mental health struggles, calcifications, bone spurs, severe allergies & more.

After unsuccessful surgeries & \$\$\$ down the drain to see specialists who told me nothing was wrong, I FINALLY decided to take the power back into my own hands.

My years of experience in the clinical setting as a practitioner, exercise physiologist (MS degree) & EMT made me more than qualified to dig deeper & get to the roots. Through continuing education, I found myself diving deep into the world of functional labs.

My conclusions? Minerals “run the show” in our bodies & create our foundation for overall health & wellbeing. If the foundation is weak, the building crumbles over time. Minerals are responsible for cellular energy, for our body's ability to combat stress, hormone regulation & much more.

Here, we believe in getting to the true root cause & not just slapping bandaids on symptoms.

PS: I created interactive links throughout this guide so you can just click & go whenever you see one (usually bold or underlined) that resonates with you! As always, feel free to reach out with any questions. -Lex

WHAT SETS US APART?

Education + Standard of Care + Clinical Experience

1

10+ years clinical experience

Exercise Specialist & more

HOW IT WORKS

01 *book a discovery call*
This call is a great chance for us to meet & ensure we will be a good fit for each other! We can also pick the perfect package for you & your wellness goals.

02 *book your package, get labs (if applicable) no labs? skip to #3*
Once you pay for your package you can eagerly await your labs arrival through the mail. Send all your labs in accordingly, then wait!

03 *attend your consultation*
Once all results are recieved, you will be prompted to book & attend your full-blown consultation where we will dig into results & create an individualized plan based on the findings.

04 *implement your custom protocol*
This is the fun part where we put all the little pieces of the puzzle together & give you a custom plan to supporting your health foundations! Don't worry, there are weekly check-ins & continued support for 90-days.

TESTIMONIALS

Lily V.

"I came to Lexie during a really hard time. I was struggling to get honest answers. Lexie took me in, did the testing I wanted & guided me through so much. I improved & learned so much through her guidance & she never made me feel stupid or like I was asking too many questions. She's very knowledgeable for someone who's young or should I say younger than me! I loved working with her."

Courtney S.

"When modern medicine was failing me & I was tired of treating symptoms instead of what was causing the symptoms, Lexie looked at me as a whole person. Together we worked on a plan to create a more sustainable, healthy balance of what my body needed & how I can supply it naturally. I am forever grateful to Lexie for taking the time to listen to me as a human being & be more preventative with my health opposed to reactive."

Dawn L.

"About 8 mos ago, I hit a horrible, crazy low due to hormone therapy. My whole being could barely function. I'm a much healthier, energetic, & happier person today because of her expertise, advice and help. I love her passion to always learn more & to help those of us that don't understand how to best help ourselves."

TESTIMONIALS

Jolyn G.

“After I quit a toxic job, I felt like my body was going through a detox - I had no energy, sluggish, & overall just feeling blah. On top of that, my teeth had started to lose their enamel 7 months prior. After meeting with Lexie & starting my plan, my teeth gained enamel & my energy was back! It felt like coming alive after living in a grey cloud.”

Brooke M.

“Lexie was an absolute blessing to work with. When I came to her, I was struggling with major burnout including sleep & headache issues. I was depleted of minerals. She took the time to listen to my needs & was able to provide a protocol with supplement recommendations as well as teach me to track macros & make sure I was fueling my body with the minerals & protein I was lacking. She was there every step of the way & very quick to respond to any concerns. I feel like a new person & I will continue to work with her in the future.”

Andrew H.

FAQ'S

What info does the HTMA give us?

The HTMA gives us insight to 36+ minerals & elements including toxic elements in the body. We can learn a lot about metabolic health, thyroid & endocrine function, adrenal gland health. stress, oxidation & so much more!

What measures are included in the blood work?

The key markers measured are Ceruloplasmin, Copper, Ferritin, Hemoglobin, Iron and Total Iron Binding Capacity, Magnesium, Active & Storage Vitamin D, Transferrin, Vitamin A (Retinol), & Zinc.

What can I learn from the GI-map?

The Gi-Map gives us insights to the gut microbiome & detects parasites, fungi, viruses, bacteria & more. We can gain insights to pathogens that may lead to disease or health complications down the road.

How much hair do I have to cut for the HTMA?

Just under 2 tablespoons. I know it sounds like a lot, but we take from a handful of spots on the scalp! If the sample is taken correctly, there should be no noticeable spots of missing hair on your head!

Do you offer family or couple discounts?

Yes we LOVE supporting you and your family as a whole! We will offer up to 15% off of services for additional family members at booking. Please inquire about family discounts with an [email to Lexie](#).

FAQ'S CONT'D

What do the weekly check-ins look like? Are they mandatory?

The weekly check-ins consist of an e-mailed form sent to you through your client portal every Sunday. There are questions in there like “how is your protocol going” & “what went well or didn’t go well this week?” The weekly check-ins are by no means “mandatory”. They are a tool for you to utilize to get the most out of your investment! They are a great opportunity for you to update me on how things are going, ask questions & for us to stay in touch & make any necessary changes or shifts to your protocol! I can say that my clients who complete their weekly check-ins are much happier with their outcomes come the end of the 90-day contract!

What does support & communication look like after the 90-day contract is up?

You can renew a 90-day contract for continued support or opt for additional lab testing at the end of your 90-days to renew a contract.

Is all of my medical information secure, private & safe?

Yes, yes and YES! We use a HIPA-compliant, secure, patient booking & portal system. You will have access to all of your labs, protocols & even direct & private chat with Lexie there.
